OUTDOOR SPORTS WEATHER GUIDELINES

The Youth Development Director and Sports Assistant will determine the official temperature and make final decisions on games to ensure children have a safe environment. Game time decisions will be made at least 30 minutes prior to the scheduled game time whenever possible. Updates will be posted on QuickScores, as well as the Union County Family YMCA social media platforms. The YMCA will guarantee one make-up game per season due to weather. Coaches make decisions on practice cancellations/delays and are asked to follow these guidelines.

Thunder and Lightning

- If thunder is heard or lightning is seen, the area will be cleared.
- All participants and spectators will be evacuated from the location. They will need to move indoors or to their vehicles.
- Activities will resume a minimum of 30 minutes from the last observed thunder or lightning.
- YMCA Staff will monitor weather at game sites and make the final determination on return to play.
